

RE: "STOLEN HONOR"

It is a biased and ILLEGAL thing Sinclair is doing by airing this program and I personally do not agree with it being broadcast on my countrymen's "open" airwaves. This Great Country is already hanging by a thread because of awful people like those who represent Sinclair and Bush who think they own the airwaves and people's access to free press. THEY DO NOT OWN THE PUBLIC AIRWAVES! If their views about John Kerry's so-called failures are so great then let THEM recognize that greatness, build a shrine to it and let that greatness alone spread through the mouths of THEIR stockholders, and not on MY television or radio. I think it is shit! bullshit!! And I will not stand for such private use of public property. If they air this smear campaign toward John Kerry, you may as well air a tribute to Joseph Goebbels afterwards. I love this country and it is my civic duty to voice my concern for such carelessness on the part of the FCC if programs like this do not get stopped.
